Complaints:	-							
Construction Sequencing:								
	ins) of the site have had a tempora	ry or permanent cessatio	n of grading, earthwork, or	ground disturbance in the	last 14 days?			
					-			
	ment trap grading and shapir							
	ins) of the site do not have grading		sturbance scheduled in the	next 14 days?				
	ment trap grading and shapir							
	bilization measures listed in this se	ction are being implemen	ited?					
Existing Vegetation (7/9/24).								
Checklist Questions:								
	acent to the project free of an	v significant signs o	f erosion or sediment	that would be associ	ated with the construction			
activity?								
No								
Create Corrective Action?								
No, See BMP Section.								
2.) Have disturbed areas bee	en seeded or otherwise stabi	lized as required? Li	st inactive portions of	the project and if sta	bilization measure are			
adequate or needed to preve								
Yes								
Create Corrective Action?								
N/A								
3.) Are waste materials (con	crete, construction material,	hazardous, etc.) bei	ng managed properly?					
Yes								
Create Corrective Action?								
4.) Are construction entrances and adjacent streets being maintained adequately?								
No								
Create Corrective Action?								
No, See BMP Section.								

5.) Is dust associated with the construction activity adequately controlled on the site? Yes

Create Corrective Action?									
N/A									
Comments:									
Comments:									
Site was active for grading and	d utility installation during mo	ost recent inspection.
