## Comments:

**Comments:** Site was active for homebuilding during the most recent inspection.

Civil development and some homebuilding was completed prior to E&A being hired to conduct SWPPP inspections on 1/3/2020. Projected install dates for the BMPs listed below will reflect the date when the inspector first observed the BMPs on 1/3/2020.

## Findings / Corrective Actions (Date):

Findings / Corrective Actions (Date):

1) Some maintenance is required in the BMP section of this report.

2) All inactive areas of the site that have no planned ground disturbance within 14 days need to be stabilized.

A. S 180th Street ROW, area adjacent to CE 1, backfilled trails and walkways, Lot 10/11 Replat 1, area around Pinehurst Circle/Median, Camelback Ave ROW, and Lot 8 Replat 1. Gene Graves was informed to complete by 1/17/2020 or when weather allows. Not done as of the last inspection. B. Overgraded lots during homebuilding need to be stabilized. All builders were informed to complete by 1/17/2020 when weather allows and asneeded. Not done as of the last inspection.

3) Trash dumpsters on site need to be emptied if they are above the fill line to prevent trash and debris from blowing around the site. All builders were informed to complete by 2/12/20. Not done as of the last inspection.
