Comments:					
Home construction is active in various	ous areas on site.				
Findings / Corrective Actions (Da					

Findings / Corrective Actions (Date):

- 1) Some maintenance is required in the BMP Section.
- 2) Silt Fence checks on south side of drainage area are full and need cleaned or removed. Mark Hopkins was requested to have this completed by 7/5/08. Not completed as of last inspection.
- 3) Inspector Phil Dechart met Mark Hopkins on site July 25th, per Mr. Hopkins request to discuss overdue maintenance. Mark said all maintenance would be completed within a week. Mark Hopkins was sent an e-mail on 9-18-08 in regards to overdue maintenance, requesting maintenance to be completed. Mark stated in his reply e-mail that he expected to have all maintenance completed by the end of the 9-27 week. A reminder e-mail was sent to Mark Hopkins on 11-07-08 in regards to overdue maintenance, Mark then replied that he is meeting with his partner Kurt to address the issue. On 11-10-08, Mark requested a new maintenance plan, and a new plan was e-mailed out on 11-11-08. Not completed as of last inspection.

	spot is full behind lot 71. Va pieces of silt fence on the S. pipe drainage. Full areas net compacted, and damaged at Mark Hopkins was requested Hopkins on site July 25th, pe maintenance would be comp	Various areas need to be cleaned out, or repaired. There is a section behind lot 66 / 67 that needs to be removed and reinstalled 5' from creek edge. A post is undermined between lots 72 and 73 and a spot is full behind lot 71. Various areas are damaged and down. The intersection of perpendicular pieces of silt fence on the S.W. corner has been washed out into the creek, as a result of the outlet pipe drainage. Full areas need to be cleaned out, undermined areas need to be backfilled and compacted, and damaged areas need to be repaired, unless otherwise noted. Mark Hopkins was requested that this be completed by 7/5/08. Inspector Phil Dechant met Mark Hopkins on site July 25th, per Mr. Hopkins request to discuss overdue maintenance. Mark said all maintenance would be completed within a week. Mark Hopkins was sent an e-mail on 9-18-08 in regards to overdue maintenance, requesting maintenance to be completed. Mark stated in his reply e-mail that he expected to have all maintenance completed by the end of the 9-27 week.
