Complaints:							

Grading has begun on Gallery 23 East project in Phases I, II, and III (8/2017). Major cessation of grading has occurred on Gallery 23 East project and minor grading will occur on Gallery 23 East (8/30/2018). Grading for water installation on NW perimeter and along Rd 25 (10/23/18). Grading has temporarily ceased (1/10/19). Grading in the NE corner of site for sanitary installation (4/5/19). Grading for roads (6/4/19). Grading for utilities, storm, and roads throughout project (6/17/19). Excavation along southwest portion ROW for gas installation (6/18/19). Excavation in the southeast portion of the site for utilities (6/18/19). Excavation throughout the site for gas installation (6/24/19). Excavation for storm sewer (7/16/19) Trenching for utility installation throughout the site and excavation for sanitary lift station installation on the west side of the lake (8/26/19). Fine grading throughout the site in preparation for paving (09/09/19). Excavation in the northeast corner of the site for culvert installation (09/19/19). Trenching/excavation in the southeast portion of the site for utility installation (10/22/19). Trenching throughout site for utility installation (11/27/20).

Lift Station and Sanitary Force Main grading/excavation began (7/23/2018). Minor grading to be completed at a later date.

Water improvements grading/excavation has begun (10/9/18). Grading has temporarily ceased (1/10/19). Grading occurred in between Hwy 30 and Menards to still water main between last inspection (2/7/19) and current inspection (2/20/19), but grading had ceased at time of inspection. Grading along Hwy 275 (4/5/19). Grading for water main project has ceased (4/19/19)

Highway 30 intersection improvements has begun for culvert installation (10/02/19).

Grading for Highway 30 intersection improvements has begun (7/27/20).

Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days?:

Grading has begun on Gallery 23 East project in Phases I, II, and III (8/2017). Major cessation of grading has occurred on Gallery 23 East project and minor grading will occur on Gallery 23 East (8/30/2018). Grading for water installation on NW perimeter and along Rd 25 (10/23/18). Grading has temporarily ceased (1/10/19). Grading in the NE corner of site for sanitary installation (4/5/19). Grading for roads (6/4/19). Grading for utilities, storm, and roads throughout project (6/17/19). Excavation along southwest portion ROW for gas installation (6/18/19). Excavation in the southeast portion of the site for utilities (6/18/19). Excavation throughout the site for gas installation (6/24/19). Excavation for southeast portion installation throughout the site and excavation for sanitary lift station installation on the west side of the lake (8/26/19). Fine grading throughout the site in preparation for paving (09/09/19). Excavation in the northeast corner of the site for culvert installation (09/19/19). Trenching/excavation in the southeast portion of the site for utility installation (10/22/19). Trenching throughout site for utility installation (11/18/19). Minor trenching/excavation west of HWY 275 for communications/data installation (1/27/20).

Lift Station and Sanitary Force Main grading/excavation began (7/23/2018). Minor grading to be completed at a later date.

Water improvements grading/excavation has begun (10/9/18). Grading has temporarily ceased (1/10/19). Grading occurred in between Hwy 30 and Menards to still water main between last inspection (2/7/19) and current inspection (2/20/19), but grading had ceased at time of inspection. Grading along Hwy 275 (4/5/19). Grading for water main project has ceased (4/19/19)

Highway 30 intersection improvements has begun for culvert installation (10/02/19).

Grading for Highway 30 intersection improvements has begun (7/27/20).

What temporary or permanent stabilization measures listed in this section are being implemented?

Existing vegetation (8/30/2018). Seeding and matting in ditch for sanitary lift main (9/19/18). Seeding around banks of E side of lake (11/6/18).

Checklist Questions:

Are receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity?

Yes

Create Corrective Action?

N/A

Have disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion.

Yes

Create Corrective Action?

N/A

Are waste materials (concrete, construction material, hazardous, etc.) being managed properly?

Yes

Create Corrective Action?

N/A

Are construction entrances and adjacent streets being maintained adequately?

No

Create Corrective Action?

No - See BMP section

Is dust associated with the construction activity adequately controlled on the site?

Yes

Create Corrective Action?

N/A

Comments:

Comments:

The site was active during the last inspection for the Gallery 23 East project. Building Construction has begun in northeast corner of the site as of the 8/26/19 inspection.

Lift Station and Sanitary Force Main projects are complete. Street ditches were seeded and matted prior to inspection on 9/19/18. Due to the biodegradable nature of the BMPs, repair will not be recommended at this time. E&A will monitor for final stabilization.

Water Improvements project has begun as of last inspection. Dirt piles from water main improvement project are being moved over to Gallery 23 East project in low areas. Dirt will be spread at a later date (2/7/19). Water project was inactive during last inspection. All HR Bookstrom equipment was removed from the site prior to inspection on 5/20/19. Vegetative cover has improved as of the 8/26/19 inspection. Water Improvements project is complete.

Highway 30 intersection improvements project inactive as of the last inspection for culvert installation (9/30/19).

Erosion was observed over the box culverts along the north side of the site by the two entrances during the 6/23/20 inspection. Recommendations will be made as the intersection improvements become active.

Highway 30 intersection improvements project was active for paving during the last inspection.

Findings / Corrective Actions (Date): Findings / Corrective Actions (Date): 1. See BMP section for required maintenance. **Projected Install Date Unique Name** Location Maintenance Type **Status** Gallery 23 East Removed **Current Conditions** Removed - Thompson Construction removed the construction entrance in preparation for paving prior to nspection on 9/9/19. County Road CE 2 Construction Entrance 25/Highway 30 Removed Removed - Pruss was removing the construction entrance during inspection on 6/18/19 in preparation for paving. **Current Condition:** NE Corner - Hwy 30 & CE 3 **Construction Entrance Christine Drive** Removed **Current Condition:** Removed - The construction entrance was removed as a part of the Highway 30 intersection improvements prior to the inspection on 8/05/20. E&A inspector will monitor and recommend reinstallation at a later date if necessary. CP #1 Culvert protection Central portion of site 8/30/2018 Pending No **Current Condition:** Pending - Culvert protection will be installed at a later date CP #2 Southeast corner 8/30/2018 Pending No Culvert protection **Current Condition:** Pending - Culvert protection will be installed at a later date Northeast corner of Concrete Washout site Removed **Current Condition:** Removed - The concrete washout pits were removed prior to inspection on 10/21/19. No paving is underway at this time. E&A will monitor the need for reinstallation. DW #1 Ditch Wattle Checks Middle Central 8/30/2018 Pending Nο **Current Condition:** Pending - Ditch wattle checks will be installed when grading has ended. DW #2 Ditch Wattle Checks Southwest corner 8/30/2018 No Pendina **Current Condition:** Pending - Ditch wattle checks will be installed when grading has ended. DW #3 Ditch Wattle Checks Southeast corner 8/30/2018 Active Νo Good Condition - Wattles checks were installed on the southeast side of the site prior to 8/30/2018. **Current Condition:** DD #1 Diversion Ditch NW Corner of Lake Removed Removed - The diversion ditch was removed during regrading/paving in the area prior to inspection on 12/30/19. **Current Condition:** DD #2 Diversion Ditch W side of Lake Removed **Current Condition:** Removed - Thompson Construction removed the diversion ditch prior to inspection on 9/19/18. DD #3 Diversion Ditch SW corner of lake Removed **Current Condition:** Removed - Thompson Construction removed the diversion ditch prior to inspection on 9/19/18. DD #4 Diversion Ditch S Side of lake Removed Removed - Thompson Construction removed the diversion ditch prior to inspection on 9/19/18. **Current Condition:** DD #5 Diversion Ditch E side of lake Removed Removed - Thompson Construction removed the diversion ditch prior to inspection on 9/19/18. **Current Condition:** DD #6 Diversion Ditch NE corner of lake Removed Removed - The diversion ditch was removed during regrading/paving in the area prior to inspection on 12/30/19. **Current Condition:** DD #7 Diversion Ditch N side of lake Removed

Current Condition:	Removed - The diversion d	itch was removed during	g regrading/paving in the ar	ea prior to inspectio	n on 12/30/19.
