Complaints:								
Construction Sequencing:								
) of the site have had a temporary of					_		

Grading has begun on Gallery 23 East project in Phases I, II, and III (8/2017). Major cessation of grading has occurred on Gallery 23 East project and minor grading will occur on Gallery 23 East (8/30/2018). Grading for water installation on NW perimeter and along Rd 25 (10/23/18). Grading has temporarily ceased (1/10/19). Grading in the NE corner of site for sanitary installation (4/5/19). Grading for roads (6/4/19). Grading for utilities, storm, and roads throughout project (6/17/19). Excavation along southwest portion ROW for gas installation (6/18/19). Excavation in the southeast portion of the site for utilities (6/18/19). Excavation throughout the site for gas installation (6/24/19). Excavation for storm sewer (7/16/19) Trenching for utility installation throughout the site and excavation for sanitary lift station installation on the west side of the lake (8/26/19). Fine grading throughout the site in preparation for paving (09/09/19). Excavation in the northeast corner of the site for culvert installation (09/19/19). Trenching/excavation in the southeast portion of the site for utility installation (10/22/19). Trenching throughout site for utility installation (11/27/20).

Lift Station and Sanitary Force Main grading/excavation began (7/23/2018). Minor grading to be completed at a later date.

Water improvements grading/excavation has begun (10/9/18). Grading has temporarily ceased (1/10/19). Grading occurred in between Hwy 30 and Menards to still water main between last inspection (2/7/19) and current inspection (2/20/19), but grading had ceased at time of inspection. Grading along Hwy 275 (4/5/19). Grading for water main project has ceased (4/19/19)

Highway 30 intersection improvements has begun for culvert installation (10/02/19).

Grading for Highway 30 intersection improvements has begun (7/27/20). Fine grading occurred along the Highway 30 intersection improvements west of County Road Blvd U (8/31/20)

Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days? :

Grading has begun on Gallery 23 East project in Phases I, II, and III (8/2017). Major cessation of grading has occurred on Gallery 23 East project and minor grading will occur on Gallery 23 East (8/30/2018). Grading for water installation on NW perimeter and along Rd 25 (10/23/18). Grading has temporarily ceased (1/10/19). Grading in the NE corner of site for sanitary installation (4/5/19). Grading for roads (6/4/19). Grading for utilities, storm, and roads throughout project (6/17/19). Excavation along southwest portion ROW for gas installation (6/18/19). Excavation in the southeast portion of the site for utilities (6/18/19). Excavation throughout the site for gas installation (6/24/19). Excavation for som sewer (7/16/19) Trenching for utility installation throughout the site and excavation for sanitary lift station installation on the west side of the lake (8/26/19). Fine grading throughout the site in preparation for paving (09/09/19). Excavation in the northeast corner of the site for culvert installation (09/19/19). Trenching/excavation in the southeast portion of the site for utility installation (10/22/19). Trenching throughout site for utility installation (11/27/20).

Lift Station and Sanitary Force Main grading/excavation began (7/23/2018). Minor grading to be completed at a later date.

Water improvements grading/excavation has begun (10/9/18). Grading has temporarily ceased (1/10/19). Grading occurred in between Hwy 30 and Menards to still water main between last inspection (2/7/19) and current inspection (2/20/19), but grading had ceased at time of inspection. Grading along Hwy 275 (4/5/19). Grading for water main project has ceased (4/19/19)

Highway 30 intersection improvements has begun for culvert installation (10/02/19).

Grading for Highway 30 intersection improvements has begun (7/27/20). Fine grading occurred along the Highway 30 intersection improvements west of County Road Blvd U (8/31/20)

What temporary or permanent stabilization measures listed in this section are being implemented?

Existing vegetation (8/30/2018). Seeding and matting in ditch for sanitary lift main (9/19/18). Seeding around banks of E side of lake (11/6/18). Seeding for Highway 30 Intersection Improvements (10/18/20).

Checklist Questions:

Are receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity?

Yes

Create Corrective Action?

N/A

Have disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion.

Ves

Create Corrective Action?

N/A - Luxa seeded along the Highway 30 intersection improvements. E&A inspector will monitor for adequacy of stabilization.

Are waste materials (concrete, construction material, hazardous, etc.) being managed properly?

No

Create Corrective Action?

No - See Findings Section

Are construction entrances and adjacent streets being maintained adequately?

No

Create Corrective Action?

No - See BMP section

Is dust associated with the construction activity adequately controlled on the site?

Yes

Create Corrective Action?

N/A

Comments:

Comments:

The site was active during the last inspection for the Gallery 23 East project. Building Construction has begun in northeast corner of the site as of the 8/26/19 inspection.

Lift Station and Sanitary Force Main projects are closed.

Water Improvements project is closed.

Highway 30 intersection improvements project was inactive during the last inspection.

Findings / Corrective Actions (Date):

Findings / Corrective Actions (Date):

- 1. See BMP section for required maintenance.
- 2. The areas of the intersection improvements where work has ceased should be stabilized. Jim Hammitt was informed to contact Luxa on 10/06/20. Luxa seeded along the intersection improvements and along the Highway 30 ditch prior to the inspection on 10/18/20. The E&A inspector will monitor for vegetation establishment and stabilization.
