Grading has begun on Gallery 23 East project in Phases I, II, and III (8/2017). Major cessation of grading has occurred on Gallery 23 East project and minor grading will occur on Gallery 23 East (8/30/2018). Grading for water installation on NW perimeter and along Rd 25 (10/23/18). Grading has temporarily ceased (1/10/19). Grading in the NE corner of site for sanitary installation (4/5/19). Grading for roads (6/4/19). Grading for utilities, storm, and roads throughout project (6/17/19). Excavation along southwest portion ROW for gas installation (6/18/19). Excavation in the southeast portion of the site for utilities (6/18/19). Excavation throughout the site for gas installation (6/24/19). Excavation for storm sewer (7/16/19) Trenching for utility installation throughout the site and excavation for sanitary lift station installation on the west side of the lake (8/26/19). Fine grading throughout the site in preparation for paving (09/09/19). Excavation in the southeast portion of the site for utility installation (10/22/19). Trenching throughout site for utility installation (09/19/19). Trenching/excavation in the southeast portion of the site for paving (09/09/19). Excavation for sanitary lift station installation on the west side of the lake (8/26/19). Fine grading throughout the site in preparation for paving (09/09/19). Excavation in the northeast corner of the site for culvert installation (09/19/19). Trenching/excavation in the southeast portion of the site for utility installation (10/22/19). Trenching throughout site for utility installation (11/18/19). Minor trenching/excavation west of HWY 275 for communications/data installation (1/27/20).

Lift Station and Sanitary Force Main grading/excavation began (7/23/2018). Minor grading to be completed at a later date.

Water improvements grading/excavation has begun (10/9/18). Grading has temporarily ceased (1/10/19). Grading occurred in between Hwy 30 and Menards to still water main between last inspection (2/7/19) and current inspection (2/20/19), but grading had ceased at time of inspection. Grading along Hwy 275 (4/5/19). Grading for water main project has ceased (4/19/19)

Highway 30 intersection improvements has begun for culvert installation (10/02/19).

Grading for Highway 30 intersection improvements has begun (7/27/20). Fine grading occurred along the Highway 30 intersection improvements west of County Road Blvd U (8/31/20). Stockpiling on Block 1 Lot 9 (4/20/21).

Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days? :

Grading has begun on Gallery 23 East project in Phases I, II, and III (8/2017). Major cessation of grading has occurred on Gallery 23 East project and minor grading will occur on Gallery 23 East (8/30/2018). Grading for water installation on NW perimeter and along Rd 25 (10/23/18). Grading has temporarily ceased (1/10/19). Grading in the NE corner of site for sanitary installation (4/5/19). Grading for roads (6/4/19). Grading for utilities, storm, and roads throughout project (6/17/19). Excavation along southwest portion ROW for gas installation (6/18/19). Excavation in the southeast portion of the site for utilities (6/18/19). Excavation throughout the site for gas installation (6/24/19). Excavation for some sewer (7/16/19) Trenching for utility installation throughout the site and excavation for sanitary lift station installation on the west side of the lake (8/26/19). Fine grading throughout the site in preparation for paving (09/09/19). Excavation in the southeast portion of the site for utility installation (10/22/19). Trenching throughout site for utility installation (11/18/19). Excavation in the southeast portion of the site for paving (09/09/19). Excavation for sanitary lift station installation on the west side of the lake (8/26/19). Fine grading throughout the site in preparation for paving (09/09/19). Excavation in the northeast corner of the site for culvert installation (09/19/19). Trenching/excavation in the southeast portion of the site for utility installation (10/22/19). Trenching throughout site for utility installation (11/18/19). Minor trenching/excavation west of HWY 275 for communications/data installation (1/27/20).

Lift Station and Sanitary Force Main grading/excavation began (7/23/2018). Minor grading to be completed at a later date.

Water improvements grading/excavation has begun (10/9/18). Grading has temporarily ceased (1/10/19). Grading occurred in between Hwy 30 and Menards to still water main between last inspection (2/7/19) and current inspection (2/20/19), but grading had ceased at time of inspection. Grading along Hwy 275 (4/5/19). Grading for water main project has ceased (4/19/19)

Highway 30 intersection improvements has begun for culvert installation (10/02/19).

Grading for Highway 30 intersection improvements has begun (7/27/20). Fine grading occurred along the Highway 30 intersection improvements west of County Road Blvd U (8/31/20). Stockpiling on Block 1 Lot 9 (4/20/21).

What temporary or permanent stabilization measures listed in this section are being implemented?

Existing vegetation (8/30/2018). Seeding and matting in ditch for sanitary lift main (9/19/18). Seeding around banks of E side of lake (11/6/18). Seeding for Highway 30 Intersection Improvements (10/18/20). Reseeding along the Highway 30 Improvements (3/15/21).

Checklist Questions:

Are receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity? Yes Create Corrective Action? N/A Have disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion. Yes Create Corrective Action? N/A - Luxa seeded along the Highway 30 intersection improvements. Seeding along highway was inadequate. ROW was reseeded prior to the inspection on 3/15/21. E&A inspector will continue to monitor. Are waste materials (concrete, construction material, hazardous, etc.) being managed properly? No Create Corrective Action? No So - See Findings Section and BMP Section (CW on Lots 1-10, Block 1, Replat 2).

Are construction entrances and adjacent streets being maintained adequately?

No
Create Corrective Action?

No - See BMP Section and Findings Section (#5)

Is dust associated with the construction activity adequately controlled on the site?

Yes Create Corrective Action?

N/A

Comments:

Comments:

The site was active during the last inspection for home construction.

Lift Station and Sanitary Force Main projects are closed.

Water Improvements project is closed.

Highway 30 intersection improvements project was inactive during the last inspection.

Findings / Corrective Actions (Date):

Findings / Corrective Actions (Date):

1. See BMP section for required maintenance.

2. The areas of the intersection improvements where work has ceased should be stabilized. Jim Hammitt was informed to contact Luxa on 10/06/20. Luxa seeded along the intersection improvements and along the Highway 30 ditch prior to the inspection on 10/18/20. The seeding along the highway is not sufficient coverage as of the inspection on 3/08/21. Commercial Seeding re-seeded the area along the highway improvements prior to the inspection on 3/15/21. E&A inspector will continue to monitor the vegetation growth as of the 5/03/21 inspection. Seeding has mostly established along Highway 30 improvements prior to the inspection on 5/27/21.

3. Trackout was observed on Eastgate Road and Highway 30 from the RTG Lot. Trackout should be cleaned from the street. White Lotus Group was informed to complete by 1/12/21. No trackout was observed from the lot during the inspection on 3/08/21. Trackout was observed during the inspection on 3/15/21. Ronco Construction was informed to clean the street by 3/16/21. Not done as of the last inspection. Ronco Construction was reminded on 4/21/21. 5/18/21. Ronco Construction cleaned the street prior to the inspection on 6/09/21. Trackout should be cleaned from the street as of the inspection on 6/09/21. Ronco Construction was informed to complete by 6/26/21.

4. A pile of trash and construction debris was observed to the west of the main entrance along Eastgate Road. The construction observer was contacted to have this removed by 3/15/21. Not done as of the last inspection. The trash and debris pile was removed prior to the inspection on 6/25/21.

5. Ronco Construction was stockpiling dirt on Block 1 Lot 9 from grading activities on Lot 2 Replat 1. A construction entrance should be installed or access to this lot should be blocked. Ronco Construction was informed to complete by 4/27/21. Not done as of the last inspection. Ronco Construction was reminded on 5/18/21. Block 1 Lot 9 was not being accessed as of the inspection on 6/09/21. E&A inspector will monitor.

6. Concrete waste from the RTG Lot was observed outside of the lot. Concrete waste should be kept on the lot. Ronco Construction was informed to remove the concrete waste by 7/02/21.
