Comments: Comments:

The site was active during the last inspection for home construction.

Based on the amount of lot construction active in the development as of the 4/26/23 inspection, Gallery 23 East will be inspected at the Stage 1 frequency. E&A inspector will monitor and adjust inspection frequency as necessary.

The second inspection was performed to accommodate for scheduling requirements.

Findings / Corrective Actions (Date):

Findings / Corrective Actions (Date):

See BMP section for required maintenance.
 Waste storage containers should be emptied when the full line is reached and any litter should be picked up. All developers were informed to complete by 9/13/22. Not done as of the last inspection. Builders were reminded on 5/11/23, 6/14/23
