	021; Entire site graded by fall 3 linor ground disturbance for ma				
What temporary or permanent	stabilization measures listed in this	section are being implen	nented?		
North side of Silver Lane a seeded / matted (4/5/22).	22). Slope along SW corner of and east side of Copper Mount Rear of Lots 58 - 60 partially so Lots 55 - 57 seeded / matted (	ain Drive seeded / ma eeded / matted (4/5/2	atted (3/29/22). South side of 2). Disturbed area behind Lot	Silver Lane and west side of	Copper Mountain Drive
Checklist Questions:					
	acent to the project free of a	ny significant signs	of erosion or sediment that	would be associated with	the construction activity?
No Create Corrective Action	1?				
See BMP Section					
Have disturbed areas be needed to prevent erosic No	een seeded or otherwise stab on.	ilized as required? I	ist inactive portions of the	project and if stabilization	measure are adequate or
Create Corrective Action	1?				
No, see Findings Section					
Are waste materials (cor	ncrete, construction material	, hazardous, etc.) be	ing managed properly?		
No Create Corrective Action	12				
No, see BMP Section					
Are construction entran	ces and adjacent streets beir	ng maintained adeg	lately?		
Are construction entitland	oos and adjacent streets Dell	ig mannamen auequ	iutory i		

Create Corrective Action? No, see BMP Sectior

Is dust associated with the construction activity adequately controlled on the site? Yes

Create Corrective Action?

Comments:

Comments:

1.) Site was active during the last inspection.

2.) Lots 44 and 45 are being used as construction material staging areas. No BMPs are being recommended for these lots since there is no active grading. Findings / Corrective Actions (Date): Findings / Corrective Actions (Date):

1.) Some maintenance is required in the BMP section.

2.) E&A began inspecting the site on 3/17/22 after being contracted for SWPPP services by Neal Drickey.
 3.) Silt fence should protect street from exposed dirt near new mailbox installation (north west portion of site) or the area should be stabilized. Neal Drickey was informed to complete by 12/6/22. Not done as of last inspection.
