Are construction entrance	es and adjacent streets beir	iy mamaned adequ	atery f		

Create Corrective Action? No, see BMP Section

Is dust associated with the construction activity adequately controlled on the site? Yes Create Corrective Action? N/A

Comments: Comments:

1.) Site was active during the last inspection.

Findings / Corrective Actions (Date): Findings / Corrective Actions (Date):

Some maintenance is required in the BMP section.
 Sak began inspecting the site on 3/17/22 after being contracted for SWPPP services by Neal Drickey.
 Sit fence should protect street from exposed dirt near new mailbox installation (north west portion of site) or the area should be stabilized. Neal Drickey was informed to complete by 12/6/22. Not done as of last inspection.
