Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days?: Entire site; grading completed and stabilized prior to Spring 2005. What temporary or permanent stabilization measures listed in this section are being implemented? Dense Vegetation, seeding/sodding, matting, Re-seeding 5/2006, paving, and landscaping. Summary Questions: Are approved entrances and adjacent streets being maintained adequately? Yes Are receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity? Yes Checklist Questions: Are waste materials (concrete, construction material, hazardous, etc.) being managed properly? Yes s dust associated with the construction activity adequately controlled on the site? Yes Comments: Comments: Home construction is active on a few lots. During inspection on 12/5/18, the site was covered with 2-3 inches of snow. Findings / Corrective Actions (Date): Findings / Corrective Actions (Date): 1) Some maintenance is required in the BMP section.

Unique Name	Туре	Location	Projected Install Date	Status	Maintenance
