## **Construction Sequencing:**

Which portion(s) (i.e. drainage basins) of the site have had a temporary or permanent cessation of grading, earthwork, or ground disturbance in the last 14 days?

Ground disturbance associated with tree clearing at the 171st Street and Reynolds Street Crossings (4/2/2021). Ground disturbance associated with tree clearing along State Street (4/13/2021). Mass grading began in DEV A, DEV NT3, and the south portion of DEV NT2 (7/07/2021). Mass grading throughout the entire site. Mass grading for Reynolds Street and N 170th Street crossings (10/06/2021). Disking in the north half of the site (12/02/2021). Surcharge removal in the north portion of the site. Storm sewer installation (12/08/2021). Disking along the southwest portion of the site. Grading for N 170th Street crossing (12/16/2021). Construction of box culvert at N 170th Street crossing (12/29/2021). Excavation for Reynolds Street culvert. Backfilling for N 170th Street box culvert (2/16/2022). Grading near Reynolds Street and 168th Street (7/19/2022). A grade stabilization structure was installed in the creek west of SB A (8/2/2022).

Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days?

65%

55%

Ground disturbance associated with tree clearing at the 171st Street and Reynolds Street Crossings (4/2/2021). Ground disturbance associated with tree clearing along State Street (4/13/2021). Mass grading began in DEV A, DEV NT3, and the south portion of DEV NT2 (7/07/2021). Mass grading throughout the entire site. Mass grading for Reynolds Street and N 170th Street crossings (10/06/2021). Disking in the north half of the site (12/02/2021). Surcharge removal in the north portion of the site. Storm sewer installation (12/08/2021). Disking along the southwest portion of the site. Grading for N 170th Street crossing (12/29/2021). Construction of box culvert at N 170th Street crossing (12/29/2021). Excavation for Reynolds Street culvert. Backfilling for N 170th Street box culvert (2/16/2022). Grading near Reynolds Street and 168th Street (7/19/2022). A grade stabilization structure was installed in the creek west of SB A (8/2/2022).

## What temporary or permanent stabilization measures listed in this section are being implemented?

Existing vegetation (4/2/2021). Seeding and matting along the north side of the site, the western slopes along SB A, and the northeastern slopes (12/08/2021). Seeding along the N 170th Street crossing (9/28/2022). Matting along the N 170th Street crossing (10/05/2022).

**Checklist Questions:** 

1.) Are receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity?

**Create Corrective Action?** 

No - See Findings Section. 2.) Have disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion? No **Create Corrective Action?** No - See Findings Section. 3.) Are waste materials (concrete, construction material, hazardous, etc.) being managed properly? Create Corrective Action? No - See Findings Section. 4.) Are construction entrances and adjacent streets being maintained adequately? Create Corrective Action? No - See BMP Section. 5.) Is dust associated with the construction activity adequately controlled on the site? Yes **Create Corrective Action?** N/A Comments: Comments: Site was active for utility installation during the current inspection. Findings / Corrective Actions (Date): Findings / Corrective Actions (Date): 1.) Some maintenance is required in the BMP section. 2.) Waste concrete should be removed. Graves Development was informed to complete by 6/7/23. Not done as of last inspection. Graves Development was reminded on 7/18/23. 3.) Inactive portions of the site should be stabilized. Graves Development was informed to complete by 6/7/23. Not done as of last inspection. Graves Development was reminded on 7/18/23. 4.) Sediment should be removed from the creek north of the Reynolds Street crossing. Graves Development was informed to complete by 6/7/23. Not done as of last inspection. Graves Development was reminded on 7/18/23. Unique Name Projected Install Date Status Maintenance Туре Location

CE 1	Construction Entrance	V11		Removed		
Current Condition:	Removed - JC Excavation graded out the site access at this location as of the inspection on 10/13/21.					
CE 2	Construction Entrance	S2	2/23/2021	Pending	No	
Current Condition:	Active - 77% effective - Legacy Homes installed a construction entrance prior to 2/23/21. Gene Graves and Legacy Homes blocked the construction entrance prior to the inspection on 6/08/21. JC Excavation blocked the construction entrance prior to the inspection on 10/13/21. E&A inspector will monitor and make recommendations if the entrances is used at a later date.					
CE 3	Construction Entrance	T27		Removed	No	
Current Condition:	Removed - TAB Construction	n removed the constru	uction entrance prior to the insp	ection on 6/10/22.		
CE 4	Construction Entrance	14		Removed		
Current Condition:	Removed - The construction	entrance was paved	prior to the inspection on 9/21/2	22.		
CIP 1	Inlet Protection	S29	2/16/2022	Active	Yes	
	Inlet protection should be cleaned out. Graves Development was informed to complete by 6/7/23. Not done as of last inspection. Graves Development was reminded on 6/7/23 (CIF 19135), <b>7/18/23</b>					
CIP 2	Inlet Protection	South end of North 169 Street	8/2/2022	Active	Yes	
Current Condition:	Inlet Protection       169 Street       8/2/2022       Active       Yes         Fair Condition - Graves Development installed curb inlet protection prior to the inspection on 8/2/22. Some dirt was observed in front of the inlet protection during the inspection on 10/05/22.       Per CIR #18899, the inlet protection should be cleaned out and repositioned.       Graves Development was informed to complete by 4/18/23 (CIR #18899). Not done as of the last inspection. Graves Development was reminded on 4/28/23, 6/1/23, 6/7/23 (CIR 19135), 7/18/23
