Comments: Site was active during the current inspection. The historic building on site had a partial wall collapsed which ceased heavy machinery work until remedied prior to the 9/28/22 inspection. E&A inspector will continue to monitor and recommend BMP installation when safely to do so. Heavy equipment work resumed prior to the inspection on 10/26/22. Permit is still pending as of 11/02/22 inspection. Findings / Corrective Actions (Date): Findings / Corrective Actions (Date): 1.) Some maintenance required in BMP Section 2.) Inlets filters should be installed to existing inlets on site.
