Complaints:						
· · · · · · · · · · · · · · · · · · ·	•					

Entire Site: Grading commenced (11/8/18). Grading temporarily ceased due to winter conditions (3/5/19). Entire site: Grading resumed (4/9/19). Major grading complete, minor grading at a later date (4/23/19). Grading along future location of N. Allen Street (6/17/19). Excavation for storm sewer installation in the southern portion of the site (7/15/19). Minor grading in the southern portion of the site (8/12/19). Excavation for water main installation in the northern portion of the site (11/18/19). Grading complete north of N. Allen Street (12/02/19). Regrading of the slope in the southeast corner of the site, minor grading around the area inlets at the north end of the site (1/13/20). Regrading of the slope in the southeast corner of the site, grading around the area inlets at the north end of the site complete (1/27/20). Minor grading north of SB A, slope in the northwest corner of the site (1/27/20). Excavated silt from SB-A and SB-B spread over southern half of the area between the basins. Grading around lots 5 and 6 (1/28/21). Excavation by lots 1 and 2 (3/1/21).

# Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days?

Entire Site: Grading commenced (11/8/18). Grading temporarily ceased due to winter conditions (3/5/19). Entire site: Grading resumed (4/9/19). Major grading complete, minor grading at a later date (4/23/19). Grading along future location of N. Allen Street (6/17/19). Excavation for storm sewer installation in the southern portion of the site (7/15/19). Minor grading in the southern portion of the site (8/12/19). Excavation for water main installation in the northern portion of the site (11/18/19). Grading complete north of N. Allen Street (12/02/19). Regrading of the slope in the southeast corner of the site, minor grading around the area inlets at the north end of the site (1/13/20). Regrading of the slope in the southeast corner of the site, grading around the area inlets at the north end of the site complete (1/27/20). Minor grading north of SB A, slope in the northwest corner of the site (1/27/20). Excavated silt from SB-A and SB-B spread over southern half of the area between the basins. Grading around lots 5 and 6 (1/28/21). Excavation by lots 1 and 2 (3/1/21).

#### What temporary or permanent stabilization measures listed in this section are being implemented?

Existing vegetation (11/8/18). Negus & Son's Construction seeded the flat area and seeded/matted the slope north of N. Allen Street (12/02/19). West side of southern entrance mulched, planted with trees (4/01/20). Area around IF 1 and 2 seeded and matted (8/11/20). Excavated silt spread out over area between SB-A and SB-B and seeded, SB-A and SB-B slopes seeded and matted (10/05/20). South entrance seeded/matted (10/26/20). Seed and mat on bare area south of lot 56 (1/3/22).

### **Checklist Questions:**

Are receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity?

Yes

Create Corrective Action?

N/A

Have disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion.

Yes

Create Corrective Action?

N/A

Are waste materials (concrete, construction material, hazardous, etc.) being managed properly?

Yes

Create Corrective Action?

N/A

Are construction entrances and adjacent streets being maintained adequately?

No

Create Corrective Action?
No - See BMP Section

Yes

Create Corrective Action

N/A

# Comments:

### Comments:

Site was active for homebuilding during the most recent inspection.

Findings / Corrective Actions (Date):

### Findings / Corrective Actions (Date):

- 1.) Some maintenance is required in the BMP section.
- 2.) An erosion rill was observed across from lot 10 on 8/31/21. Ryan Schwarz was informed to backfill, compact, and restabilize the erosion by 9/7/21. Not done as of the last inspection. Erosion rill is on state road property. State was contacted and no response was received as of 11/24/21.

Unique Name	Туре	Location	Projected Install Date	Status	Maintenance
	Stabilized Construction				
CE 1	Entrance	N Molley Street (EE11)		Removed	
Current Condition:	Removed - The former construction entrance was paved prior to the inspection on 11/04/19.
