Checklist Questions:							
Are receiving waters adjacent to the Yes	e project free of any significant	signs of erosion or sedin	nent that would be associated wit	th the construction activity	?		
Create Corrective Action?							
N/A							
Have disturbed areas been seeded	or otherwise stabilized as requ	ired? List inactive portion	is of the project and if stabilizatio	on measure are adequate or	r needed to prevent erosion.		
Create Corrective Action?							
No, see Findings section.							
Are waste materials (concrete, con	struction material hazardous	etc.) being managed prop	erly?				
Yes		are, soing managed prop	•···y ·				
Create Corrective Action?							

Create Corrective Action?

1	N/A

IN/A
Are construction entrances and adjacent streets being maintained adequately?
Yes
Create Corrective Action?
N/A
Is dust associated with the construction activity adequately controlled on the site?
Yes
Create Corrective Action?
N/A

Comments: Comments:

The site was inactive during the most recent inspection.

Lot 5 and 6 Replat 1 have been removed from this SWPPP and are covered by PAP-20220310-6351-GP1.

Findings / Corrective Actions (Date)

Findings / Corrective Actions (Date):

Some maintenance is required in the BMP section of this report.
 CIR 18557 was received, reviewed, and forwarded to Gene Graves on 2/22/23. CIR is consistent with E&A inspector's report.
