Construction Sequencing:

Which portion(s) (i.e. drainage basins) of the site have had a temporary or permanent cessation of grading, earthwork, or ground disturbance in the last 14 days?

Rough grading began (6/15/21). Excavation for sanitary installation (9/28/21). Grading ceased due to winter conditions (1/5/22). Excavation for utility connections along 72nd (2/8/22). Grading for roadways (6/9/22). Lot 3 Replat 1 and Lot 4 Replat 1 scraping (11/2/22). Riprap installation and regrading at S 70th Street stub (11/2/22). Swale and ROW along Ponderosa connection finish graded (11/4/22). Swale and ROW along Ponderosa grading ceased (12/1/22).

Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days?

Rough grading began (6/15/21). Excavation for sanitary installation (9/28/21). Grading ceased due to winter conditions (1/5/22). Excavation for utility connections along 72nd (2/8/22). Grading for roadways (6/9/22). Lot 3 Replat 1 and Lot 4 Replat 1 scraping (11/2/22). Riprap installation and regrading at S 70th Street stub (11/2/22). Swale and ROW along Ponderosa connection finish graded (11/4/22). Swale and ROW along Ponderosa grading ceased (12/1/22).

What temporary or permanent stabilization measures listed in this section are being implemented?

Existing vegetation (6/15/21). Disking/seeding east side of site (7/8/22). Lot 1, 2, 3 - seeded (11/10/22). Seeding and matting swale and ROW along Ponderosa and Schram/72nd medians and ROWs (12/8/22).

Checklist Questions:

Are receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity?

Yes

Create Corrective Action?

N/A

lave disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion.

Nο

Create Corrective Action?

No, see Findings and BMPs section.

Are waste materials (concrete, construction material, hazardous, etc.) being managed properly?

No

Create Corrective Action?

No, see Findings section.	
Are construction entrances and adjacent streets being maintained adequately?	
Yes	
Create Corrective Action?	
N/A	

Is dust associated with the construction activity adequately controlled on the site?

Yes

reate Corrective Action?

N/A

Comments

Comments:

The site was inactive during the most recent inspection. Lot 5 and 6 Replat 1 have been removed from this SWPPP and are covered by PAP-20220310-6351-

Findings / Corrective Actions (Date):

Findings / Corrective Actions (Date):

- 1) Some maintenance is required in the BMP section of this report.
- 2) Disturbed and inactive areas of the site should be seeded. Gene Graves was informed to complete between April 15th and May 15th in the seeding window. Not done as of the last inspection. Gene Graves was reminded on 3/24/23. Sudbeck has been hired to conduct seeding in the seeding window as of the 3/30/23 inspection. Sudbeck to complete with mowing as of the 4/6/23 inspection.
- 3) Erosion should be repaired and stabilized in the northeast corner of the site. Gene Graves was informed to complete between April 15th and May 15th in the seeding window. Not done as of the last inspection. Gene Graves was reminded on 3/24/23, 3/30/23. Sudbeck repaired the erosion in the northeast corner of the lot prior to the 4/6/23 inspection, the inspector will monitor for stabilization.
- 4) 72nd Street slope should be re-graded and seeded and matted. SID to complete between April 1st and May 15th. Not done as of the last inspection. Plans sent to contractors on 3/24/23. Sudbeck to begin work by April 15th, 2023. Sudbeck completed grading work prior to the 4/6/23 inspection.

 Commercial Seeding was sent updated plans to stabilize the slope on 4/7/23.
- 5) Erosion control matting in the Ponderosa swale should be resecured. SID to complete between April 1st and May 15th in the growing season. Plans sent to contractors on 3/24/23. Sudbeck to begin work by April 15th, 2023. Commercial Seeding secured the matting prior to the 4/6/23 inspection.
- 6) Trash and debris needs to be cleaned up along the south side of the site. Gene Graves was informed to complete by 3/30/23, 3/30/23. Sudbeck to complete with mowing as of the 4/6/23 inspection.
