| Comments: | | | | |

Comments:

Construction is active as of the last inspection. The storm sewer was being installed as of the last inspection. Vehicle are entering the site near the job trailer as of the last inspection. The area is rocked so a construction entrance is not needed at this time.

Findings / Corrective Actions (Date):

- 1) See BMP section for required maintenance.
 2) The fuel trailer needs to have a berm installed around it. BD Construction was informed to complete by 6/18/15. The fuel trail was removed prior to the 7/18/15 inspection.
