	<u> </u>	E&A - P20	19.327.000		
Inspector: Shaun McGuire			Stage		
Project Name:	Springfield Pines CSW-201600337 3/4/2023				1
For Week Ending:					68059
Project Location:	SW o	SW of 132nd Street and Platteview Road, Springfield, NE			
-	Phase I				
Grading:	100%				
Sanitary Sewer:	100%				
Storm Sewer:	100%				
Paving:	100%				
Seeding:	75%				
Utilities:	100%				
Overall Development:	70%				
RAIN FALL AMOUNTS	Amount in tenths	Date inspected	Weather Conditions	Time	
					Week
Sunday:	0.25"				
Monday:	0.12"				
Tuesday:	0.00"				
Wednesday:	0.00"	3/1/2023	Sunny 50/23	12:30 PM	
Thursday:	0.00"				
Friday:	0.00"				
Saturday:	0.00"				
Complaints:	None				
Construction Sequencing:					

Which portion(s) (i.e. drainage basins) of the site have had a temporary or permanent cessation of grading, earthwork, or ground disturbance in the last 14 days?

Grading in Phase I was completed prior to E&A being hired to conduct SWPPP inspections (1/3/20).

Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days?

Grading in Phase I was completed prior to E&A being hired to conduct SWPPP inspections (1/3/20).

What temporary or permanent stabilization measures listed in this section are being implemented?

Site was seeded prior to E&A being hired to conduct SWPPP inspections (1/3/20). Portion of ground to the southeast of SB 4 seeded and matted (5/11/20).

Checklist Questions:

re receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity?

Yes

reate Corrective Action?

N/A

lave disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion.

Create Corrective Action?

re waste materials (concrete, construction material, hazardous, etc.) being managed properly?

Create Corrective Action?

No, see BMPs section and Findings section.

Are construction entrances and adjacent streets being maintained adequately?

Yes

Create Corrective Action?

dust associated with the construction activity adequately controlled on the site?

Yes

reate Corrective Action?

Comments:

Comments: Site was active for homebuilding during the most recent inspection.

The School Site was graded prior to the 9/23/20 inspection. The School Site is not covered by the Springfield Pines permit (SPR-20200728-5543-GP1).

Findings / Corrective Actions (Date):

Findings / Corrective Actions (Date):

- 1) Some maintenance is required in the BMP section of this report.
- 2) Vacant-disturbed lots need to be stabilized.

A. Overgraded lots during homebuilding construction need to be stabilized. All builders were informed to complete by 1/17/20 when weather allows and as needed. Not done as of the last inspection. All builders were reminded on 9/24/20, 6/24/21. As of the 3/1/2023 inspection there are no longer any overgraded inactive lots. Inactive lots still need stabilization.

3) Concrete waste was located throughout the development. D.R. Horton was informed to clean up concrete waste in SB 4 on 3/3/22. Not done as of last inspection. D.R. Horton was reminded on 3/24/22, 5/24/22, 6/2/22, 6/17/22, 6/23/22, 8/19/22, 8/31/22, 11/11/22, 3/1/23. D.R. Horton was informed to clean up concrete waste on lot 72 on 8/31/22. Not done as of last inspection. D.R. Horton was reminded on 11/11/22, 3/1/23
