#### Comments:

#### Comments:

1. Multiple houses are being built in the development.

2. SB 4 is being partially closed to accommodate the dirt from the grading of the new area as of 11/9/17. The inspector will continue to monitor its effectiveness. The surrounding area is primarily built out so the remaining basin can accommodate the flow coming from the adjacent lots. The basin was working effectively as of the 8/13/18 inspection.

### Rain inspection was performed on 5/24/19 due to a rain event greater than 0.5" overnight between 5/23 and 5/24.
