Complaints:	

#### **Construction Sequencing:**

Which portion(s) (i.e. drainage basins) of the site have had a temporary or permanent cessation of grading, earthwork, or ground disturbance in the last 14 days?

Entire site, grading completed 7/2006 and site seeded 9/5/2006. Grading began on old school site east of Stargrass Road (11/9/2017). Grading activity on site idle (9/9/2020). Storm and sewer installation began in replat 6 (9/27/2021). Street paving in replat 6 (4/12/2022). Street paving in Rainwood Road (8/9/2022).

#### Which portion(s) (i.e. drainage basins) of the site do not have grading, earthwork, or ground disturbance scheduled in the next 14 days?

Entire site, grading completed 7/2006 and site seeded 9/5/2006. Grading began on old school site east of Stargrass Road (11/9/2017). Grading activity on site idle (9/9/2020). Storm and sewer installation began in replat 6 (9/27/2021). Street paving in replat 6 (4/12/2022). Street paving in Rainwood Road (8/9/2022).

#### What temporary or permanent stabilization measures listed in this section are being implemented?

Wetlands Mitigation Seeding (5/31/2006), Slopes Seeded/Matted (8/30/2006), Temp. Seeded (9/5/2006), Re-Seeded 5/21/2007, Re-Seeded ROW on 9/5/2007 & 11/14/2007, Erosion seeded in various areas (4/2009), Old Basin 5 was seeded and matted (5/2/2012). The areas that were disturbed when SB 3 and 5 were closed has been seeded (9/10/2016). Area surrounding SB#4 has been seeded (5/22/2018). Stub road at the end of N 149th Street seeded and matted (9/8/2020). Replat 6 was temp seeded (8/9/2021). Rainwood Road ROW and Basin seeded/matted (9/12/2022).

#### **Checklist Questions:**

Are receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity?

Yes

# **Create Corrective Action?**

N/A

Have disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion.

NIO

### **Create Corrective Action?**

No - See Findings Section

Are waste materials (concrete, construction material, hazardous, etc.) being managed properly?

No

#### **Create Corrective Action?**

No - See BMP Section

### Are construction entrances and adjacent streets being maintained adequately?

No

## **Create Corrective Action?**

No - See BMP section

### Is dust associated with the construction activity adequately controlled on the site?

Yes

## **Create Corrective Action?**

N/A

### Comments:

### Comments:

- 1. Site was inactive for home building during the most recent inspection. Replat 6 was active for utility installation during the most recent inspection. The Rainwood Road project was active during the most recent inspection.
- 2. SB 4 is being partially closed to accommodate the dirt from the grading of the new area as of 11/9/17. The inspector will continue to monitor its effectiveness. The surrounding area is primarily built out so the remaining basin can accommodate the flow coming from the adjacent lots. The basin was working effectively as of the 8/13/18 inspection.

### Findings / Corrective Actions (Date):

### Findings / Corrective Actions (Date):

- 1.) Some maintenance is required in the BMP section.
- 2.) A majority of Replat 6 has been inactive for longer than 14 days. Disturbed areas throughout the site should be temporarily stabilized and construction traffic should be limited to paved / rocked areas where possible. Mark Hopkins and Steve Minino were informed to complete by 5/31/22. Not done as of last inspection Bluffs Paving and Japp Bros were reminded on 6/24/22, 8/3/22, 9/15/22, 11/22/22
- 3.) The area around the culvert north of the Rainwood Road project is disturbed. The disturbed area should be stabilized. E&A inspector will monitor for completion once paving is finished in the area. E&A will inform the contractor to seed the area by 8/29/2022. Randy Pierce (E&A) informed Bluffs Paving to seed all disturbed areas as of 8/19/22. Not done as of the last inspection. Bluffs Paving seeded/matted the ROW of Rainwood Road and the basin prior to the inspection on 9/12/22. E&A inspector will monitor for vegetative establishment. Portions of the seeding and matting were disturbed for utility installation prior to the inspection on 10/03/22. See 2.) for stabilization recommendations.
