Comments:					
 Site was active for home building du SB 4 is being partially closed to accompany displayed in active site built active 					

surrounding area is primarily built out so the remaining basin can accommodate the flow coming from the adjacent lots. The basin was working effectively as of the 8/13/18 inspection.

3.) Lot 195/Replat 6 Site changed to stage 3 on 6/14/24.

Findings / Corrective Actions (Date):

Findings / Corrective Actions (Date):

1.) Some maintenance is required in the BMP section.

2.) The low-lying area at the southeast end of Rainwood Road in Outlot G has a large section that is being eroded and undermining the matting. E&A Inspector informed the SID Department and E&A engineers to repair, seed and re-matt the slope by 4/17/2023. E&A inspector will update the report when more information is known. Not done as of last inspection. Area was re-seeded, matted and rip rap was added by the SID prior to 7/20/24.

3.) A complaint was received from a homeowner on 5/23/24 about sediment leaving the site and entering their lot. Marque Custom Builders was informed to repair the silt fence and clean and removed all sediment on the adjacent lot on 5/23/24 and 5/31/24. Not done as of last inspection. Commercial Seeding was reminded on 7/4/24. Area was cleaned up, matting was added and area was re-seeded by the SID prior to 7/20/24. Outlot C was also matted and damaged silt fence was removed by Commercial Seeding prior to 7/20/24.
