	asins) of the site have had a tem	porary or permanent ces	sation of grading, earthwork, or	ground disturbance in the las	t 14 days?	
	aving began all portions of si	te (4/15/21). Paving c	an over all portions of the site completed (6/2/21). Grading a	· · ·		
Which portion(s) (i.e. drainage ba	asins) of the site do not have gra	ding, earthwork, or grou	nd disturbance scheduled in the	next 14 days?		
Rough grading began in the	eastern portion of the site (4	/27/20). Grading bega	an over all portions of the site	(7/13/20). Grading on site	e has ceased due to	

winter conditions (2/9/21). Paving began all portions of site (4/15/21). Paving completed (6/2/21). Grading and excavation on large western slope (6/24/21). Utility installation began (9/14/21). Home excavation began (12/28/21).

What temporary or permanent stabilization measures listed in this section are being implemented? Existing vegetation (4/27/20). EM 1, 2, 3, and 4 installed (9/22/20). Western portion of GN 9 seeded/matted along Giles Road (9/22/20). Entire site was drill seeded (4/6/22).

## Checklist Questions: re receiving waters adjacent to the project free of any significant signs of erosion or sediment that would be associated with the construction activity? No tive Action? reate Cori No, see BMP section Have disturbed areas been seeded or otherwise stabilized as required? List inactive portions of the project and if stabilization measure are adequate or needed to prevent erosion Yes reate Corrective Action? N/A Are waste materials (concrete, construction material, hazardous, etc.) being managed properly? No reate Corrective Action? No, See BMP section re co Yes tive Action? re N/A

## ed on the site du ately controll Yes

Create

N/A

## Comments: Comments:

Site was active for home construction during the most recent inspection.

## Findings / Corrective Actions (Date):

Findings / Corrective Actions (Date):

Some maintenance is recommended in the BMP section of this report.
 SF-1 for SAR-20200507-5452-GP2 (Giles Road/180th Street Improvements) was installed along the east side of EM 3 prior to the 8/2/21 inspection. The SF will not be included in this report and is part of the road improvement project. The SF has been marked on the SWPPP map to indicate its location within the temporary road project. This is also consistent with the silt fence wraps installed at ~K12 and the fuel tank at AA12.
