RE: Issuance of storm water discharge authorization for the Val Vista construction project located at 108<sup>th</sup> & Giles Road in La Vista (NPDES Authorization Number NER101066)

Dear Mr. Kulig:

This is to acknowledge receipt of the CSW-NOI form on April 5, 2001 for the project referenced above. This project has authorization to discharge storm water under the terms and conditions of NPDES General Permit NER100000.

**Please submit a written notice of the start and the completion of the project as required in Permit Section C.7. Forms CSW-START and CSW-END, which are attachments to the permit, may be used for this purpose.** A start notice is not required if the project is initiated in May 2001 as indicated in the CSW-NOI form.

The Papio-Missouri River Natural Resource District is still reviewing the erosion and sediment control plan. The erosion and sediment control plan may need to be modified consistent with their recommendations.

If you have any questions, please contact Jamie Petersen at (402) 471-4220, or me at (402) 471-8330.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Duysen".

Ryan Duysen, Program Specialist  
NPDES Permits Unit  
Water Quality Division
